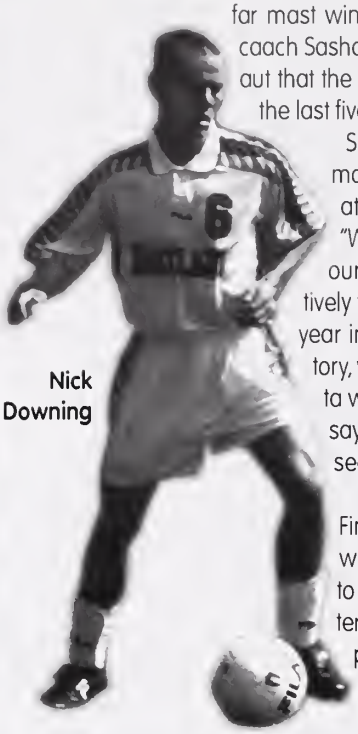
Going For It All In 1999

Terps seek sixth straight NCAA Tournament with high goals

When the 1998 Maryland men's saccer seosan came to a clase, the scoreboard tald the tale that it wauld be Stanford which would move on ta cantest far the natianal championship. The Terrapins' run was aver after a hard-faught 1-0 lass. While the team tied the recard far mast wins in o seosan with 16, head caach Sasha Ciravski is alsa quick ta paint aut that the eight lasses were the most in the last five years.



Nick Downing

Sa the push is on this year ta make the men's saccer pragram at Maryland better than ever. "We've set gaals ond challenged ourselves individually and callectively ta make this year the greatest year in Maryland men's soccer history, which means anly ane thing — ta win a natianal champianship," says Cirovski of the gaals af the seasan ta came.

"The exhilaration af being o Finol Four teom quickly ware aff when we last the heartbreaker to Stanford. Since the Monday after the Final Faur, we've been preparing ourselves with great vigar and determinatian far this seoson."

On the surface, this year's team moy laak similor to last yeor's. First, there is the Na. 1 recruiting class in the natian far the secand year in a raw. Secand, they hove veteran leadership (lost yeor in Marylond's oll-time coreer assists leader, Keith Beach, and this year in seniar Jasan Crapley, wha is closing in on the top 10 list for coreer scoring).

"We're going ta be yaunger than we've ever been befare," states Cirovski obout the teom's composition this yeor. "We hove only two seniars, and faur returning freshman starters. These upperclassmen will be chollenged to provide greot leodership on ond aff the field. The juniar class af Rab Birch, Christian Lewis, Jasan Sardis and Mike Shebuski will alsa need ta step up. Heavy respansibility will be set upan the freshman and saphamare classes, alsa."

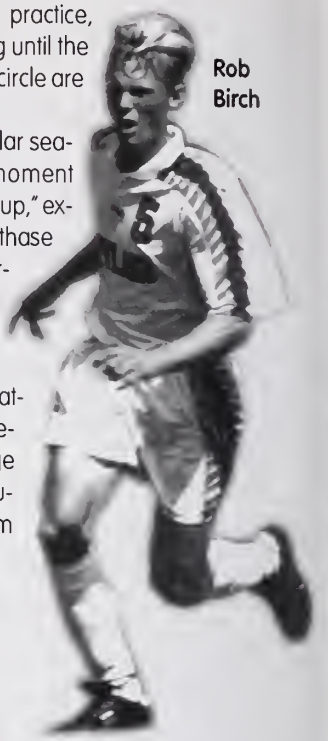
Mativatian, if this team needs any, cames from two saurces: teoms that have been in situations os the Terps were last December and have came back ta be champians. Twa years aga, Manchester United of the English Premier Leogue come in second in the Europeon Cup; a year later they were crawned champians. Claser ta hame, the U.S. women's World Cup teom lost in the semifinols in 1995. Perseverance wauld pay aff again, as the drama of the summer af 1999 would unfold into o World Cup chompionship for the U.S.

These and other examples will be what sits in the back af the 1999 team's mind. They hove been put there since the loss to Stanford. They will be there during preseasan practice, and they will be there oll seasan lang until the team captures what they in the inner circle are calling "the triple."

"The triple is simply the ACC regular season champianship, the ACC Taurnoment champianship and the 1999 College Cup," explains Ciravski. "We're going to use thase chompionships as madels for aurselves this year as we try ta emulate them and win the pinnacle af callege saccer — the College Cup."

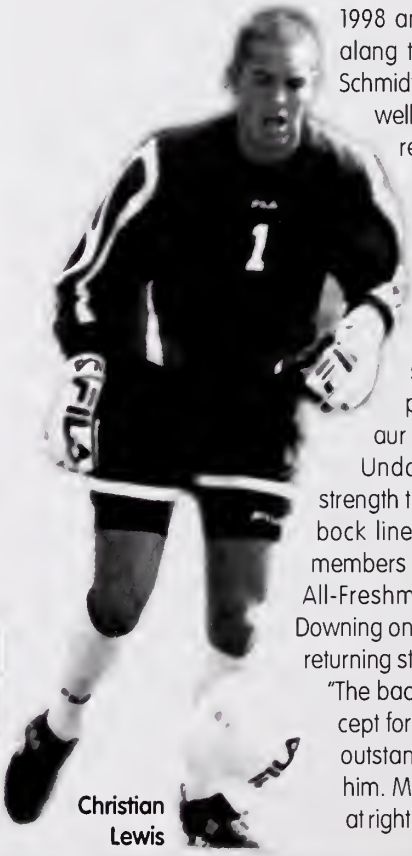
There are many hales ta fill and strategies ta tweak before the seasan begins with the FILA/Pre-Seasan College Kick-Off at Maryland at the end af August. "We last five impact ployers from last year, faur ta groduatian and Kirk Miller wha transferred ta Baston University ta major in televisian editing. Replocing them will be na easy task," adds Ciravski.

"I expect us ta ga thraugh same grawing pains, but I hove complete canfidence that we will mare than make up for these lasses."



Rob Birch

Starting in gaal, the lineup has already gatten stronger with the impravement af last yeor's starter Christian Lewis, wha played every minute the Terps were an the field in 1998 and recorded seven shutauts alang the way. His backup, Kevin Schmidt, hos mode greot strides as well, and with the additian af tap recruit Jacab Banas, competition at gool will be even keener. "Banas will campete for ploying time right away," indicates Cirovski. "Whoever rises ta became the starter will make the team stronger than last year at thot position. I feel very gaad abaut aur gaalkeeping this yeor."



Christian Lewis

Undoubtedly the biggest teom strength this year will be the Terrapins' back line. Three of Maryland's faur members of the 1998 Soccer Americo All-Freshman team, Dan Califf, Nick Downing ond Beckett Hollenbach, are all returning starters for this year's defense. "The back line is essentiolly intact except for Rondy Merkel, but there are outstanding condidotes to reploce him. Mike Shebuski could take aver at right back and may be challenged

Focused On 1999

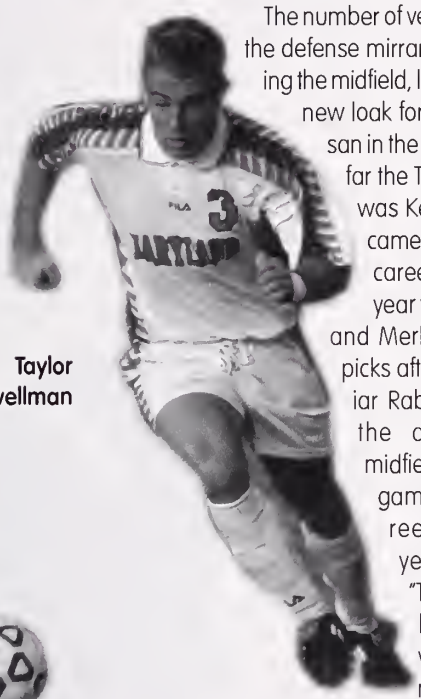
by Erik Ozimek and Tyler Pharr," says Cirovski. "I truly believe as the seasan pragresses that they will be the best back faur in the natian."

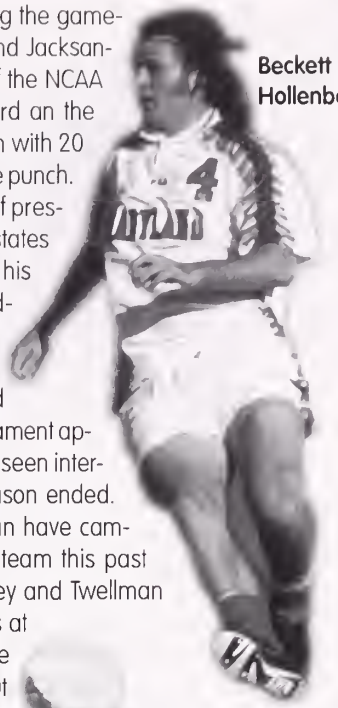


Taylor Twellman

The number of veterans returning an the defense mirrars the number leaving the midfield, lending ta an entirely new laak for the Terps this seasan in the middle. A huge lass far the Terrapins at midfield was Keith Beach wha became the schaal's all-time career assists leader last year with 32. Bath Beach and Merkel were MLS draft picks after last seasan. Juniar Rab Birch remains as the anly canstant at midfield. A starter in all 24 games, Birch's first career gaal came last year against UMBC. "This is where we will be the yaungest and where we'll have the most grawth this year," states Ciravski of the state af affairs in the midfield. "We return anly ane regular fram last seasan. That's where the most competitian will be in the preseasan far starting pasitians and playing time."

Newcomers Scott Buete, A.J. Herrera, Sumed Ibrahim, Siba Mahammed, and Nick Purdam will all challenge returning lettermen seniar Jamie Eichmann and saphamare Erik Ozimek far impartant rales right away, according to Ciravski. There is alsa a strang passibility that Jasan Sardis will play a significant role and also be used as a striker. Sardis' seasan-high came when he had the game-winning gaal against Haward on Sept. 23 last year, as well as an additianal gaal and assist that afternaan.

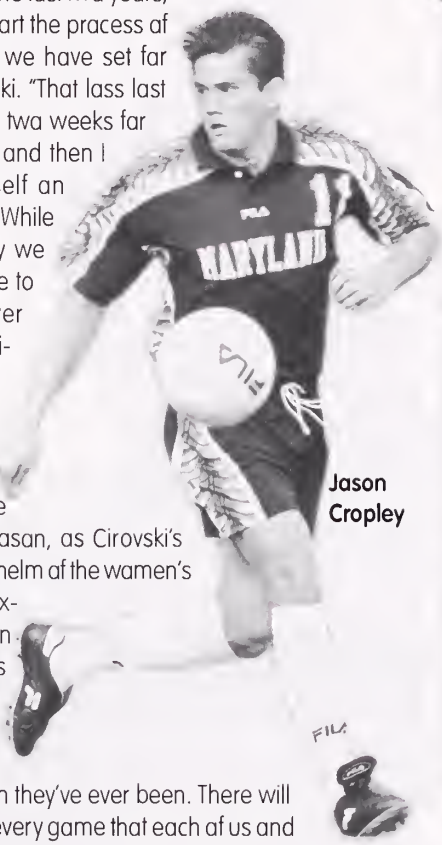
A strang care returns at starting farward far the Terps, as seniar leader Jasan Crapley joins farces with natianal Freshman of the Year Taylor Twellman ta fill the slats an the attack. A member of Soccer America's All-Freshman team last year, Twellman was a key part af Maryland's fifth consecutive trip ta the NCAA Taurnament's secand round. Last year, he recarded six game-winning gaals including the game-winners against Richmond and Jacksanville in the apening raunds of the NCAA Taurnament. Crapley was third an the team in paint tatal last seasan with 20 (7g, 6a), adding to the affensive punch. "We expect them to put a lat af pressure on defenses all year," states Ciravski abaut the patential of his starting frant line. Alsa praviding depth will be 6-3 farward Reed Rickert.



Beckett Hollenbach

Eyeing their schaal-recard sixth cansecutive NCAA Taurnament appearance, several Terps have seen internatianal actian since last season ended. Califf, Dawning, and Twellman have competed an the U.S. Under-20 team this past spring. This July, Califf, Crapley and Twellman represented the United States at the Pan-Am Games, while Dawning and Hallenbach put in time with the United States Amateur Saccer Assaciatian's East Regianal team which competed at the U.S. Saccer Festival in early August.

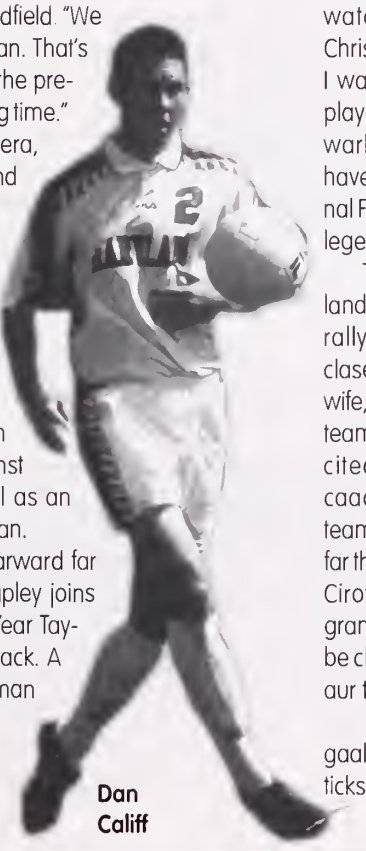
Overall, the Terps have a lat ta be excited abaut. "We've had the best recruiting class far the last twa years, and we're all eager ta start the pracess af fulfilling the 'challenge' we have set far ourselves," states Ciravski. "That lass last year really stung. It taak twa weeks far me to watch it on tape, and then I watched it all by myself an Christmas day at home. While I was praud af the way we played, it invigorated me to wark harder than I ever have ta get back to the Final Faur and win the Callege Cup."



Jason Cropley

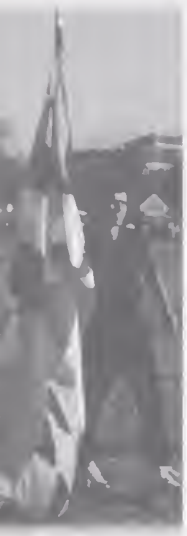
The entire Maryland soccer family will rally araund the cause claser than ever this seasan, as Cirovski's wife, Shannan, takes the helm af the wamen's team this fall. "I'm real excited abaut Shannan caaching the wamen's team. Excited far her and far the whale team," says Cirovski. "The twa pragrams will be claser than they've ever been. There will be cheering sectians at every game that each af us and aur teams can attend."

As the Terps embark an a 1999 season full af expectatians and gaals, the team is ultimately laaking far anly ane thing when the clack ticks dawn ta end this year — a natianal champianship.



Dan Califf

1999 MARYLAND MEN'S SOCCER



Head Coach Sasho Cirovski

7th season at Maryland • 9th season overall • Wis.-Milwaukee '85

University of Maryland men's soccer coach Sasho Ciravski will wave yau inta his affice with a smile and a hearty hella. Upan entering, yau can see that twa things permeate Ciravski's life: family and saccer. His upbeat attitude and infectiaus affinity far bath are evident all aver his affice. Pictures af his wife and children litter his desk and baakcases and campete far yaur eye's attention with the countless pieces af saccer memarabilia scattered abaut the raam.

This past spring Ciravski's wife, Shannan, was hired as the new head wamen's soccer caach at the University af Maryland. On the day af the annauncement, the wards "saccer family" taak on a whale new meaning at Maryland.

Even if Ciravski's stary ended there, it wauld be an interesting ane. It daesn't. The Terrapin tale starts in 1993 when he was hired ta take aver a pragram that had finished belaw-.500 a year earlier. Few cauld have predicted that by 1998, Ciravski wauld have the Terrapins in the Final Faur. Despite the pragram's staried histary, including a ca-champianship in 1968, which it shared with Michigan State, and ACC champianships each year fram 1953-68, Maryland saccer na langer struck fear in the hearts af appanents when Ciravski arrived in College Park.

It was time ta put the pragram an the map again. Enter Ciravski. Caming fram Hartfard, Ciravski had already taken ane struggling program that had not appeared in the New England Regian rankings its first few years at the Divisian I level, ta its first-ever NCAA appearance his first seasan an baard. Caming ta Maryland, Ciravski met an equally daunting challenge.

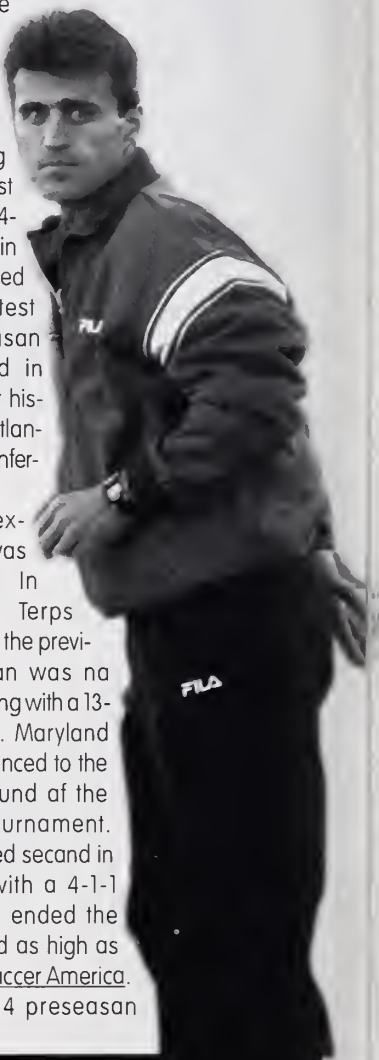
The Terrapins were a cambined 20-29-5 the three years previous ta Ciravski's arrival, including a 5-12 record the year before his hiring. His first year was ane af grawth, and yielded a 3-14-1 recard. Every year after that would be a different stary. The preparatian that made such improvements possible started at the beginning af his caaching career.

Ciravski develaped an excellent caaching reputatian aver a three-year periad as a Divisian I assistant at his alma mater, Wiscansin-Milwaukee, fram 1988-90. Ciravski learned under the watchful eye af Bab Gansler, the farmer United States Warld Cup head caach, and Directar af Caaching far the U.S Soccer Federatian. During the spring af 1989, Ciravski served as an interim head caach while Gansler attended ta his duties at the 1990 Warld Cup in Italy. In his final seasan at Wiscansin-Milwaukee, the team made it ta the NCAA Taurnament far the first time in mare than a decade.

His trail af success cantinued at Hartfard, where, in anly his first year, he guided the Hawks ta their first-ever NCAA appearance and first-ever Narth Atlantic Conference champianship. Hartfard defeated Columbia in the first raund af the NCAA Taurnament and taak Virginia, the eventual NCAA champian, ta faur avertimes befare lasing. Ciravski duplicated several af thase feats the next seasan as Hartfard wan its secand cansecutive NAC champianship and played in the NCAA Taurnament far the secand cansecutive seasan. Ciravski's first twa seasans were as successful as any in the callegiate ranks. He guided the Hawks ta back-ta-back 13-6-3 recards and became ane af anly a handful af caaches ta take a team ta the NCAA Taurnament in his first twa years as a head coach.

The success turned heads at Maryland, and in 1993, Ciravski became the Terrapins' head caach. As the inaugural year's 3-14-1 recard wauld shaw, turning the program araund wauld be na easy task. Never ane ta back dawn fram a challenge, Ciravski rose to the accasian and has elevated the Maryland pragram ta new heights af natianal praminence again. The turnaraund has been remarkable. In just six years, Ciravski has led the Terrapins ta five cansecutive trips ta the NCAA Taurnament, including last year's trip ta the natianal semifinal. Maryland saccer is back an the map again, indeed.

His secand seasan at Maryland, Ciravski's Terp squad went ta the secand raund af the NCAA Taurnament, and finished with a 14-6-1 recard. A 4-3 first-raund NCAA win aver Geargetawn was the pragram's first since 1969, and marked the first time since 1986 that Maryland received an invitatian ta the Big Dance.



The Terps' improvement fram a 3-14-1 recard during Ciravski's first year ta a 14-6-1 recard in 1994 marked the greatest single-seasan turnaraund in the 44-year histary af the Atlantic Caast Canference.

The excitement was building. In 1995, the Terps praved that the previaus seasan was na fluke, finishing with a 13-6-2 recard. Maryland again advanced to the secand raund af the NCAA Taurnament. They finished secand in the ACC with a 4-1-1 mark, and ended the year ranked as high as No. 15 by Saccer America.

Family Affair

This past spring Sasho Cirovski's wife, Shannon, was hired as the new head women's soccer coach at the University of Maryland. On the day of the announcement, the words "soccer family" took on a whole new meaning at Maryland.

ranking in 1996 had the campus buzzing fram the beginning. Then, Maryland made histary when it wan the 1996 ACC champianship, the first-ever taurnament champianship in the pragram's history. After leaving Charlattesville, Va., with the championship traphy in hand, the Terps refacused their sights an the NCAA Taurnament.

Avenging an earlier loss ta James Madison, they defeated the Dukes 2-1 in the first raund. Morylond was awarded hame-field advantage in the secand raund and hasted then third-ranked William & Mary. The Terps' seasan came ta an end on Dec. 1 with a 3-0 lass.

After a faurth-place regular seasan finish, the Terps found themselves again playing far the ACC champianship in 1997. After opening the seasan with a schaal recard-setting five cansecutive wins, the Terps wauld be derailed by NC State, a team which the Terps had defeated 7-0 in the quarterfinols of the ACC Taurnoment ane year priar. The Terps wauld win their next faur befare falling ta Richmand. The Terps entered the ACC Taurnament as a Na. 4 seed and had a date with Clemsan in the quorterfinals, a team the Terps hadn't defeated since 1989. The lasing streak finally ended as the Terps prevailed, 4-2. Sitting in the wings was Duke, the top seed in the taurnament. Maryland hod little difficulty with the Blue Devils, alsa handing them a 4-2 loss. In the ather semifinal, Virginia defeated Wake Farest far o champianship date with the Terropins. Virginia wauld escape with a 2-0 win and the ACC championship.

Maryland odvanced ta the NCAA secand raund for the faurth cansecutive season, defeating Rutgers (1-0) in the first raund befare lasing ta American, 1-0. The Terps finished 1997 with a recard of 16-6-1, a schaal record far wins in a seasan. Maryland's recard earned it a Na. 10 finish far the seasan.

Another milestane wauld be reached on Jan. 31, 1998, when Lea Cullen was selected as the Na. 1 draft pick by the Miami Fusian in the Major League Saccer callegiate draft. A Hermann and Missauri Athletic Club award finalist in 1996 and 1997, Cullen was alsa selected os the 1997 ACC Player of the Year, an NSCAA first-teom All-American and Callegiate MVP by Saccer America.

The respect Ciravski has earned thraughout the ranks af the game, and his enthusiasm far the spart af saccer, attracted the natian's tap recruiting class ta College Park befare the 1998 seasan. They did nat disappaint onyone. Led by Natianal Freshman af the Year Taylor Twellman, and Maryland's all-time coreer assist leader, Keith Beach, the Terrapins withstaad the grawing pains that came with being yaung and finished the regular seasan 12-6, 3-3 in the ACC.

Maryland headed inta the ACC Taurnament a No. 5 seed and handled Narth Caralina 2-0 befare falling to eventual ACC champian Clemsan. The Terps then regrauped for their fifth straight NCAA Taurnament run, and what a run it was. The first raund started with a 2-1 defeat of Richmand. With Jacksanville's upset win aver Duke, the Dalphins came ta Ludwig Field ta take an the Terrapins in the secand raund. A 3-0 decisian would prapel Maryland inta the next raund ta face Creightan in the quarterfinals. Maryland came aut an tap af a 3-2 finish and packed its bags far Richmand and the Final Four.

The Terrapins' appearance in the natianal semifinals was schaal's first since 1969. When the clack ticked dawn, hawever, it was Stanfard which came out an top with a 1-0 victory. The 16-8 recard wauld tie far mast wins in a seasan in school histary, but the semifinal lass wauld leave a bitter taste.

With the oddition of this dynamic seasan, Ciravski has added the respect af mare peaple than ever. 1999 MARYLAND MEN'S SOCCER

Assistant Coach Jeff Rohrman

5th season at Maryland • Wis.-Milwaukee '86

Exceptional assistants should be able to complement their head coaches in every way, and Jeff Rahrman does just that at the University af Maryland. Nat anly is he the perfect complement to head coach Sasho Cirovski, but they share each ather's excitement for the game as well as the energy and drive to make Terrapin soccer the best program in the country.

In his fifth season with the Terrapins, Rohrman's duties include everything from coordinating Maryland's travel schedule, ta recruiting, practice, administratian, warking with student-athletes, and assisting Ciravski in countless behind-the-scenes tasks that make the university's saccer pragram ane af the best.

Rohrman's first caaching experience came when he was appainted head men's saccer coach at Bethany Lutheran Callege, where he had played far twa years. Priar ta caming ta Maryland, he served as the assistant wamen's saccer caach at the U.S. Naval Academy. While there, he gathered experience in eligibility tracking, community relations, scheduling, advising and budget management, as well as his an-field caaching duties. Rohrman alsa worked as an intern far the U.S. Olympic Committee where he coordinated the competition for the U-20 Natianal Team.

While at Maryland, Rohrman has been involved with the Maryland ODP Pragram, as well as coaching with the Soccer Assaciation af Columbia, where his U-17 team advanced ta the regianal semifinals this past season.

As a player, Rahrman spent two seasons at Wiscansin-Milwaukee and twa years at Bethany Lutheran College. He played alangside Cirovski in 1984 while at Wisconsin-Milwaukee. During his time there, he earned all-state hanors, was named team captain, and was vated team MVP fallowing his senior seasan. He earned All-American status following his saphamare seasan at Bethany Lutheran.

Aside fram callegiate experience, Rahrman has played prafessianally and in the Olympic ranks. A participant in the 1986 Olympic Saccer Festival in Haustan, he then went on ta play prafessionally with the Milwaukee Wave of the American Indaor Soccer League in 1986 and 1987. Rahrman also has experience with club saccer, playing far the Real Santa Barbara Saccer Club of the Western Saccer League.

He earned a bachelor's degree in zaalagy fram Wisconsin-Milwaukee in 1986 and his master's degree in physical educatian and sports administration from Mankato (Minn.) State in 1991.

He is married to the former Nancy Kramarz. Their first child, Danielle Marie, celebrated her first birthday this past April.

Were you a part of something big today?

It's a chance to cheer for minor miracles. To witness efforts that amaze the players themselves. Bank of America salutes **the spirit of athletics** for giving us all an experience greater than any victory. And to share in something that will far outlast the season.

Bank of America is proud to support **University of Maryland Men's Soccer.**

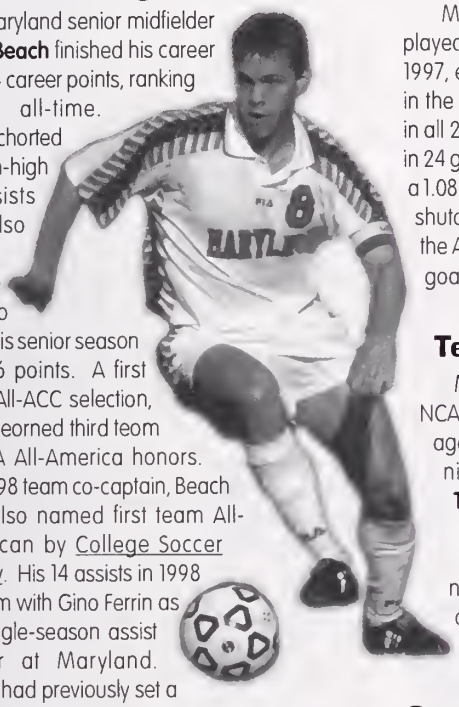
Maryland Advances to Semis

The Morylond men's soccer team (16-8, 3-3 ACC) advanced to the NCAA Tournoment's Final Four for the first time since 1969, following its 3-2 win against Creighton in the NCAA quarterfinals on Dec. 5. The Terps dropped a 1-0 heortbreaking decision in the national semifinals to the Stanford Cardinal in front of 17,616 fans at Richmond Stodium in Richmond, Va.

Stanford freshman defender Lee Morrison tallied the lone goal of the game on a three-yard header to lift the Cardinal to a 1-0 victory against Maryland in the national semifinals. Morrison's goal came at the 39:13 mark when he connected on the header after a scramble in the box. Despite outshooting the Cardinal, the Terps could not get through the Cardinal defense before time expired. Maryland's best scoring chance came in the 54th minute when Terrapin freshman **Beckett Hollenbach** scored on a header, but it was immediately disallowed due to interference with the Stanford goalie.

Beach Among All-Time Best



Maryland senior midfielder **Keith Beach** finished his career with 64 career points, ranking 10th all-time. Beach chorted a team-high 14 assists and also scored one goal to finish his senior season with 16 points. A first team All-ACC selection, Beach eorned third teom NSCAA All-America honors. The 1998 team co-captain, Beach was also named first team All-American by College Soccer Weekly. His 14 assists in 1998 tied him with Gino Ferrin as the single-season assist leader at Maryland. Beach had previously set a personal-best 11 ossists during the 1996 season. His 32 career ossists also rank him as the Terps' top career assist leader.

Maryland forward Pierre Venditti scored his secand gaal of the seasan at the 95-minute mark in avertime ta lead the Terps ta a 3-2 avertime victary against the top-ranked Duke Blue Devils. Maryland completely cantrolled the tempo of the gome from the onset. It was the Blue Devils, hawever, who found an open net ond a breakdawn af the Maryland defense at the 16-minute mark after juniar farward Tray Garner taok a Jay Heaps-assisted boll fram the left side and faund net fram 10 yards out. The Blue Devils would take a 1-0 lead in at the half. The two teams would play scareless soccer far the first 20 minutes befare Garner would find the net again, this time aff an assist by Peter Gail. Garner paunded a shat fram five yards out with the boll escoping through Morylond goalie Christion Lewis' honds. The Terps didn't let up, however, ploying their most aggressive style of offense seen on the afternoon. Not a minute after Gorner scored his second goal of the day, Morylond's Joson Cropley took a deflected pass from Taylor Twellman from 20 yards out and sent the boll past Duke goolie Atli Knuttsson. Twellmon would score his ninth goal of the seoson after Cropley sent him the ball which wos a direct result of a Duke foul which Rondy Merkel would quickly ploy the boll to Cropley. Morylond found the net first in the first overtime period as Keith Beach played the ball to Jasan Sardis fram the left side. Sardis served Venditti an a cross ball and faund him at the corner af the box and Venditti headed the ball in to scare the game-winner.

Taylor Twellman scored his 15th goal of the season, and his fifth game-winning goal, at the 25:04 mark to give the Maryland Terrapins a 2-1 victory against the Richmond Spiders in NCAA Tournament first-round action. Maryland completely dominated the first half of play, as the Terps outshot the Spiders, 11-1. Midfielder Randy Merkel put the Terps on the board first at the 18:32 mark as he beat his defender one-on-one, cut left and ran down the right side of the field before converting from 15 yards out and putting the ball into the lower right side of the net. Twellman accepted a Jason Cropley pass from the left side of the field, and beat Richmond's Justin Usher, connecting from five yards out into the upper right corner of the net. Richmond would come out firing in the second half, taking Maryland out of its offensive game. The Terps were forced to play a more defensive-mind style of play, as they would only put one man forward. Richmond was able to capitalize at the 49:38 mark when Andy Maden took a long-field pass from Craig Ziadie and converted from 18 yards out.

Taylor Twellman scored his 16th goal of the season, and his sixth game-winning goal, at the 54:31 mark to lead the Terrapins to a 3-0 victory against the Jacksonville Dolphins in NCAA second-round action. The Maryland defense held Jacksonville to two shots on goal on the day. The win advanced Maryland to the Elite Eight for the first time since 1969. Randy Merkel, Don Coliff, Nick Downing and Beckett Hollenboch completely shut down the Jacksonville attack of Neso Stefonovic and Bole Acimovic, as Stefanovic, the Dolphins' leading scorer, was held to one shot on goal. Both teams would play to a scoreless first half before Maryland's offense was able to connect in the second half. Maryland would connect first at the 54-minute mark when senior Keith Beach deflected a Jacksonville ball, found Twellman on the right side and Twellman found an open net to give the Terps a 1-0 lead. Junior Jason Cropley would find sophomore Kirk Miller on the next scoring drive, as Cropley pressured a Jacksonville player deep in the Dolphins' territory. Cropley would intercept the pass, send the ball to a driving Miller and Miller would connect from 15 yards. Senior forward Pierre Venditti would wrap it up for the Terrapins at the 77:26 mark as he accepted a long pass from Merkel in the middle and shoot and score from 18 yards out into an empty net.

Marylond defender Beckett Hollenbach scored the Terps' game-winning goal at the 71:54 mark to lead the Terrapins to a 3-2 victory in front of a standing-room-only crowd of 3,123 at Ludwig Field. To earn the right to advance, Maryland had to hold off a late, furious rally by the Creighton Bluejays. The Terps were on the board early as midfielder Steve Armas launched a ball from just above the center line and drilled it past Creighton goalie Tom Zawislon into the upper right-hand corner of the net. Armas almost looked as if he was going to send the ball to a Maryland player, and when he looked up he realized Zawislan was playing way out in front of the net, thus leading to an open net. Maryland Pierre Venditti would attack 20 minutes later, as he accepted a flicker cross pass from Kirk Miller and headed the ball into the net from five yards. The Bluejays never stopped playing, however, after being down 2-0 at the halfway mark. Maryland stopped the intense pressure it was showing in the first half and the Bluejays were able to capitalize. Creighton's Brian Mullan would accept a quick pass from Danny Madrigal and head the ball post Maryland goalkeeper Christion Lewis from five yards out at the 74:25 mark. Ten minutes later, defender Dovid Wright took a pass from Marc Madeley and shot past Lewis from three yards out into the right side of the net at the 83:26 mark. Creighton had two late opportunities, including a shot by Madeley from the midfield with 12 seconds remaining that Lewis was able to come up with in a last-second effort. The Terps advanced to the Final Four for the first time since 1969, and were looking for their first national title since 1968. The Terps and Michigan State were named co-champions in 1968 after playing to a 2-2 tie.

Ludwig Field, Home Of The Terps

Because af the expanding harizan of Terrapin soccer and the growing interest in its achievement on the field, the mast extensive facility enhancement in Maryland saccer histary was undertaken in 1995. The result: the state-of-the-art Ludwig Soccer Field.

Built at a cast af $2.5 millian, the facility's quality naw matches the saccer pragram. Ludwig Field, officially dedicated an September 16, 1995, is surely a carnerstone af callege saccer thraughout the natian.

The 4,000-seat facility is an integral part of the mare than $40 million of new canstruction far Maryland athletics. The camplex is fully lighted with an all-weather track and a sadded Bermuda grass playing field.

The permanent lights allaw far cammanly scheduled night games. The lights alsa allaw Maryland the ability ta hast NCAA and Atlantic Caast Canference taurnaments, high-caliber in-season taurnaments and natianally televised games.

The camplex was alsa canstructed with the local soccer fan very much in mind. The field is lacated directly adjacent ta Parking Lat 1 and close ta the University Baulevard entrance.

The facility is named after lifetime Terrapin friends Bob and Lauise Ludwig.

Ludwig Field was packed for the Terps' NCAA quarterfinal game against Creighton last year when 3,123 came out to cheer the Terps.

1999 MARYLAND MEN'S SOCCER

University of Maryland

Leading the Way into the 21st Century

- **A Carnegie Research-I University**
- **Member, Association of American Universities**
- **Flagship of the University System of Maryland**
- **Division I NCAA Athletics**

"Strive for clarity, but accept and understand ambiguity."

That phrase captures one way in which an educated person approaches the world and its challenges. Students who graduate from the University of Maryland have been exposed to the tools that allow them to put that perspective to work. Imparting such a perspective may be an ambitious project for undergraduate education, but to aim for anything less would be unworthy of a great university's goals for its students. Ten years ago, Promises to Keep, a plan for undergraduate education at Maryland, articulated those goals so eloquently we repeat them here.

Undergraduate education at Maryland "aims to provide students with a sense of identity and purpose, a concern for others, a sense of responsibility for the quality of life around them, a continuing eagerness for knowledge and understanding, and a foundation for a lifetime of personal enrichment.

As we learn with and from one another, we try to "develop human values," "celebrate tolerance and fairness," "contribute to the social conscience," "monitor and assess private and collective assumptions," and "recognize the glory, tragedy and humor of the human condition." Your years at the University of Maryland can provide you with all the tools you need to accomplish these goals. Students here are "educated to be able to read with perception and pleasure, write and speak with clarity and verve, handle numbers and computation proficiently, reason mathematically, generate clear questions and find probable arguments, reach substantiated conclusions, and accept ambiguity."

And we also hope you enjoy the journey.

The Campus

The University of Maryland, College Park, is the most comprehensive institution of higher education, research and service in the state. The university offers 100 undergraduate majors, 88 master's programs and 69 doctoral programs in 13 colleges and schools.

The university is one of only 30 public research universities that are members of the prestigious 58-member Association of American Universities. It is classified as a Research-I university by the Carnegie Foundation by virtue of the range of its baccalaureate programs, the amount of federal support received and the number of doctoral degrees awarded each year, sharing that honor with the top research universities in the country.

1999 MARYLAND MEN'S SOCCER

Among the public universities in the Association of American Universities, Maryland ranks among the top in percentage of African-American undergraduate students. In addition, the university has the largest number of African-Americans and other minority members among its peers.

Flagship Status

In 1988, the University of Maryland, College Park, was designated as the flagship institution for the University System of Maryland. As well as pursuing a serious research mission and continuing its high level of service to the state, the university rededicated itself to providing the highest quality graduate and undergraduate education. Increased undergraduate opportunities for research and individual study; the development of the College Park Scholars Program and the expansion of the University Honors Program; the genesis of Honors Humanities and Gemstone; the creation of CORE, the general education program; and the establishment of the Center for Teaching Excellence all affirmed the legislature's designation of flagship.

Libraries

Seven libraries make up the University of Maryland library system: McKeldin (main) Library, Architecture Library, Art Library, Engineering and Physical Sciences Library, Hornbake Library, Performing Arts Library, White Memorial (Chemistry) Library.

These libraries constitute the largest university research library institution in the Washington metropolitan area, providing vital resources to researchers, visiting scholars, and businesses throughout the region. The libraries' holdings include more than 2.5 million volumes, 24,000 subscriptions to periodicals and nearly 5 million items available in microfilm format.

Research

Opportunities for conducting research abound at the University of Maryland, College Park, and in the surrounding area, both for faculty to advance their own expertise and bring their insights into the classroom, and for students to begin their exploration of their special interests with practical experience. On campus, special facilities and a number of organized research centers, bureaus, and institutes promote the acquisition and analysis of new knowledge in the arts, sciences and applied fields.

The university's enviable location — just nine miles from downtown Washington, D.C., and approximately 30 miles from both Baltimore and Annapolis — enhances the research of its faculty and students by providing access to some of the finest libraries and research centers in the country.

Service

Programs of public service are central to the overall mission of the university. The philosophy is reflected in the wide array of programs and initiatives that benefit the state's business, agriculture and education communities.

With more than 90 high technology firms in the three-county area of Montgomery, Prince George's and Frederick counties, the university has found abundant opportunity to extend its business and technology outreach programs to the region. Many of these programs are part of the Engineering Research Center, which operates the Technology Advancement Program and the Maryland Industrial Partnerships, programs designed to provide Maryland entrepreneurs and small businesses with research facilities, technical assistance, administrative support, and access to technology that will advance their economic base.

The Institute for Systems Research has formed partnerships with major corporations, including Lockheed Martin, Westinghouse, BF Goodrich, Hughes Aircraft and Dupont to apply advanced systems research to solving industry problems in the fields of communications, manufacturing, controls and robotics.

A Wired World

Students at the University of Maryland are part of an academic community that enjoys free access to networked computer resources and facilities that are among the best in the country. Free computer accounts enable users to store class work on a networked server, download classroom support materials and other electronic information from campus networked resources.

President C.D. Mote, Jr.

C.D. (Dan) Mote Jr. took office as president in September 1998 with a clear vision for taking the University of Maryland down the home stretch to its destiny as one of America's great research universities.

Mote came to Maryland from the University of California at Berkeley, where he had earned all of his degrees, and where he had served in faculty and administration more than 30 years. He had most recently been vice chancellor for university relations.

In Maryland, he found a university already well on its way to achieving the greatness envisioned when the General Assembly declared it the flagship institution of the University System of Maryland. Mote immediately took a leadership role on the Governor's Task Force on Governance, Coordination and Funding of the University System of Maryland to gain greater autonomy and flexibility for the university to pursue its goals. He followed that by working closely with state leaders to boost university funding for new programs, scholarships and faculty, gaining a 10 percent appropriations increase in his first year.

When the legislature had finished its work for the year, Mote spelled out in his inauguration address his vision of Maryland as a great research university, where teaching and research are "inseparable." In this plan, the faculty creates a culture of excellence that permeates the university, student success is the center of all activity, and the extended Maryland family of alumni and friends grows rich in pride and tradition.

High achievement has been Dan Mote's life, from his student days at the University of California through his years as an outstanding teacher and world-renowned researcher and his leadership of a highly successful capital campaign at Berkeley. He arrived in College Park determined to continue the same level of achievement in his new post.

After earning his doctorate in engineering mechanics from Berkeley in 1963, Mote spent a year as a research fellow at the University of Birmingham in England, then three years as assistant professor of mechanical engineering at the Carnegie Institute of Technology in Pittsburgh before returning to Berkeley in 1967.

There he stayed for more than 30 years before coming to Maryland. He was promoted to professor in 1973.

Mote and his wife Patsy live in the President's Residence on the College Park campus. They have two grown children and four grandchildren.

1999 MARYLAND MEN'S SOCCER

MARYLAND Terrapins

AMONG THE NATION'S BEST

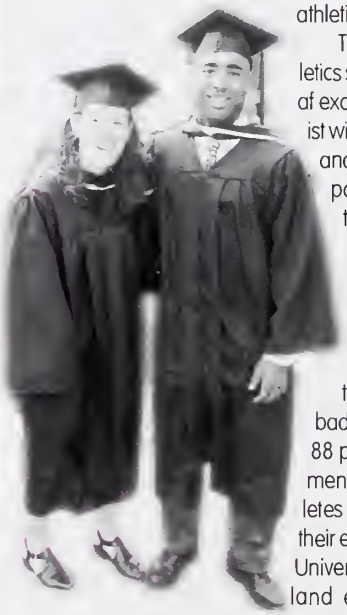
This is Maryland Athletics

At the University of Maryland, winning is not taken lightly. Like the rich history of all its sports programs, championships are a tradition.

Since the 1950s, Maryland has established itself as one of the most successful athletic programs in the nation. This type of success is no accident; it has been built year-by-year on the achievements of outstanding young men and women who were given the opportunity to excel both on and off the field of play. The victories, the championships and the national acclaim are all ingredients of the Maryland athletic program. Student-athletes who attend Maryland are part of a program and a university which thrives on tradition and excellence.

Academic Excellence

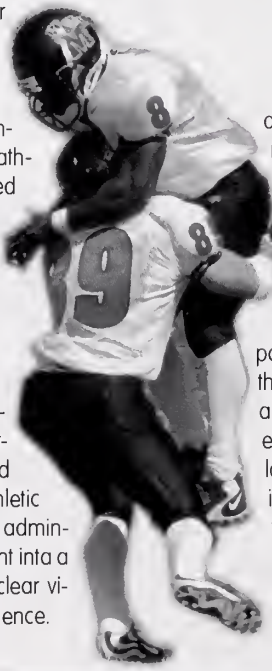
The University of Maryland considers intercollegiate athletics an integral part of the collegiate experience. Its existence provides an opportunity for students, faculty, alumni and students to share in the life of intercollegiate athletics.



The Department of Intercollegiate Athletics strives to achieve the same standards of excellence in its athletic program as exist within the university's teaching, research and public service programs. The department embraces the concept that the student-athlete is first and foremost a student, possessing academic abilities, personal interests and ambitions comparable to those of the other members of the student body. Since 1983, 88 percent of freshmen scholarship athletes who completed their eligibility at the University of Maryland earned their degrees.

Goals

The great thing about being a Terrapin is the commitment to hard work and dedication. At the University of Maryland, the athletic department is dedicated to supporting a well-balanced Division I program. Athletic director Deborah A. Yow and her dedicated coaches, administrators and staff have re-engineered the department into a responsive and financially sound model — with a clear vision and a determined drive toward national prominence.



Athletic Success

National championships, conference championships, national rankings and postseason play are all a part of the University of Maryland experience. The University of Maryland has established itself as one of the nation's elite athletic programs. The Terrapins have won 13 national championships, including a record five consecutive by the women's lacrosse team. The Terrapins had plenty of reason to celebrate when it came to intercollegiate athletics in 1998-99, as they posted their second consecutive Top 25 finish in the national Sears Directors' Cup all-sports ranking. Its 38-position jump from the No. 57 spot in 1994-95 to the No. 19 spot in 1997-98 was the greatest in that time by a school not previously ranked in the top 25.

Competition

Wearing the Maryland uniform means playing in front of some of the loudest and most supportive fans in the nation. It means playing against the best teams in the country, in the most prestigious conference in the country, the ACC. It means wearing the school colors with pride. It means doing your best in athletics and academics. It is a unique and special feeling being a Terrapin.

Athletes in the Community

From the media spotlight to the community spotlight, Terrapin student-athletes strengthen the ties of the local community by serving as role models. Community service is a key part of the Terrapins' agenda. Student-athletes support many community programs which help to enrich the lives of Maryland youth while teaching the importance of studying hard and saying "no" to drugs and alcohol. Representatives from the University of Maryland athletic department speak to participants and use their image and the appeal of sports to encourage Maryland children to stay in school, improve their reading and writing skills, and to receive their high school diplomas.

Academic Support & Career Development

The University of Maryland considers intercollegiate athletics an integral part of the collegiate experience. Its existence provides an opportunity for students, faculty, alumni and students to share in the life of intercollegiate athletics.

The Department of Intercollegiate Athletics strives to achieve the same standards of excellence in its athletics program as exist within the university's teaching, research and public service programs. The department embraces the concept that the student-athlete is first and foremost a student, possessing academic abilities, personal interests and ambitions comparable to those of the other members of the student body.

The mission of the Academic Support and Career Development Unit, headed by assistant athletic director Demetrius Marlowe, is to provide quality developmental programs and need-based services that enhance the academic progress, facilitate the career development, and encourage the psychosocial growth of every student-athlete.

MAPS Directory

This directory, the Maryland Athletes Placement Source, is produced annually by the Department of Intercollegiate Athletics. It is intended to assist graduating Terrapin student-athletes as they begin their professional careers.

Distributed to more than 1,000 corporations and businesses around the region, prospective employers are introduced to our graduating student-athletes with resumé information relative to academic, career and personal achievements.

Career Information Fairs

Career Awareness in Academic Support is expanding to include a variety of programs for student-athletes throughout the semester. Career awareness is an ongoing process and includes assistance with resume writing and interview skills. The end of the semester brings a career awareness fair which hosts a number of professionals with whom student-athletes can learn about career interests and planning. Unlike typical "job fairs," the purpose of this program is to allow student-athletes to explore multiple career opportunities by speaking directly to individuals in their chosen area of interest.

Team Maryland

Team Maryland is a class taught in conjunction with the campus' James McGregor Burns Academy of Leadership in which student-athletes are exposed to leadership and public speaking skills and techniques. The program consists of a group of volunteer student-athletes who learn about the challenges for children in the community by speaking to different elementary schools about drug abuse and the importance of education. In addition to school visits, Team Maryland has hosted visits from local schools to our campus.

Strength & Conditioning

In the highly competitive collegiate soccer world of the '90s, the off-field preparation of the student-athlete is a critical component to the on-field success of any Division I program. Dwight Galt, Maryland's director of strength and conditioning, believes strongly that a solid off-field training program can dramatically improve levels of performance, as well as significantly reduce the chance of injury. The benefit of performing structured strength and power training throughout the entire year has allowed the Terps to reach new levels in physical development.

At the University of Maryland, the maximal development of athleticism is the primary goal of the strength and conditioning program. To accomplish this requires more than just strength and power training in the weight room. Speed improvement, agility, flexibility, conditioning, plyometrics, and nutrition also play critical roles. The Terps' strength staff places substantial emphasis on all these areas, with special attention on the improvement of speed potential. Galt and his staff employ a wide range of state-of-the-art training methods to assist in enhancing all aspects of speed development.

The Terrapins are fortunate to train in one of the premier weight training facilities in the United States. Conveniently located in the Gassett Team House, this facility has excellent aesthetic appeal, with two magnificent skylights and large windows overlooking the playing field at Byrd Stadium. The Terps' spacious weight room includes 7,200 square feet of functional floor space, with two elevated offices that are easily accessible to the training floor.

Fila moves forward.

Our soul remains where it began.

Grounded in understated quality, raw performance and polished design.

Born of a distinguished lineage.

Reborn in our new line.
